THE CLIMATE IS CAPITAL

It Will Rival Algeria, Bermudas and Florida.

"Climate is the great capital of Hawaii for attracting tourists, just as the scenery of Switzerland is its capital," said Secretary Wood of the Promotion Committee yesterday. "I am making the climate of the Islands one of my most forcible arguments in the endeavor to bring people here."

"I notice in interviews with strangers here that they say that they came to Hawaii to try the climate. Hawaii will certainly become a rival of Algeria, the Bermudas, West Indies and Florida, when its climate charms are once really known among the traveling public."
